Remarks:

1. We base our statements about the option of our plan being “new-to-market” on our understanding and interpretation of current market information, by comparing with other publicly available multi-currency savings plans issued by major Hong Kong and Macau life insurance companies for individual customers as at 6 January 2025.
2. The non-guaranteed bonuses are estimated based on our current bonus scale in light of the current assumed investment return. This example and all the figures mentioned here are for illustration only, and are not an indicator of future performance. Actual returns may be higher or lower subject to investment performance.
3. Your policy will still be exposed to currency risk after exercising the Currency Change Option. For details, please refer to the “More about the plan” section in the product brochure.
4. The above calculations assume no other withdrawals except the amount stated in the example, no policy loan is made, and all the other options not stated in the above example are not exercised while the policy is in effect. The figures in the above case may differ slightly from the actual amounts due to rounding differences.
5. Applications for exercising the above-mentioned benefits or options, or changing the life assured or policyholder, are subject to our approval and may affect the plan’s other benefits or options. For details, please refer to the product brochure.
6. We invest in various types of assets to back your policy returns, including equity-type securities and fixed-income securities. For this plan, we will allocate a considerable portion of our investments to equity-type securities. Returns from equity-type securities are generally more volatile than fixed-income securities. You should note the investment mix of this plan stated in the product brochure.
7. If you exercise the FlexIncome Option, we will withdraw the policy values in a designated sequence. This will reduce the future value and may reduce the notional amount (a “partial surrender”) of your policy. For details, please refer to the “FlexIncome Option” in the “More about the plan” section in the product brochure.
